**Coordinators** : MR D.RAVANDOSS

**Speaker** : MR S.LAKSHMINARAYANA

### **Aim and Objectives:**

- we must first aim to create a conducive learning atmosphere to propel the desire to learn.
- Taking children outside to enrich their learning experience ...just ... makes...sense.
- Learning cannot be constrained in a textbook.
- Learning cannot be bound in a building.

### **Outcome:**

- ✓ Traditional classroom may not be most effective way of learning.
- ✓ Nature and world around us a has lot to teach.
- ✓ And just my observing we can learn a lot compared the traditional classroom.

<b>Speaker</b>	: DR.J.BALAMURUGAN

### **Aim and Objectives:**

- Education 4.0 aims to equip students with cognitive, social, interpersonal, technical skills, among others, in the face of the needs of the Fourth Industrial Revolution and global challenges.
- The digital transformation of teaching processes is guided and supported by the use of technological, human, organizational and pedagogical drivers in a holistic way.
- Education 4.0 and knowledge economy jobs need less and less than individuals know (concepts and theories) and more and more how people use, in an interoperable way, digital skills, knowledge and technologies

### **Outcome:**

- ✓ Education's Future focuses on digital technologies, and the traditional modes of education will be replaced entirely.
- ✓ The rapid advancement of technology's digitalization in education is not influenced; other sectors are also changing,
- ✓ Education 4.0. Digital technologies are expanding beyond innovative and less traditional techniques of teaching and learning via education collaboration.

### What is Biotechnology?

- A combination of two words "Biology+Technology"
- Biology- Science of living organisms
- Technology- Practical application of scientific knowledge
- Therefore, biotechnology is the use of technology in the manipulation of living organisms to do practical things and provide useful products.
- Ultimate aim of the subject is to exploit the potential

FEED BACK FOR WEBINAR  
TOPIC - "PROJECT MANAGEMENT"  
RESOURCE PERSON: MR. JAYA SUDHAN ON (28/09/21)

Sir/Madam, I am Ranjith Kumar S, from Bsc (CS) III<sup>rd</sup> year. I have attended that wonderful session was hosted by our department HOD and I wanna thank you who were making that situation. I know that the session was very much useful for those who were attended that session.

I wanna say a respectful thanks to Mr. Jaya Sudhan, who gave us a very much useful informations like about project management. Then he explained briefly how would it be like and to enter into that field and to go through it. I can understand the almost everything that he said, in addition I wanna say that though it was informative

it was very much motivational for me. It feels me like something different, and one thing I am was disappointed was I thought that he would come to our college. Otherwise my overall experience was excellent.

Thankyou.
